REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Governing Board
Three Rivers Special Services Cooperative
Phillip, South Dakota

I have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Three Rivers Special Services Cooperative (the Coop), Phillip, South Dakota, as of and for the fiscal year ended June 30, 2009, which collectively comprise the Coop's basic financial statements and have issued my report thereon dated August 12, 2009. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing my audit, I considered the Coop's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Coop's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the Coop's internal control over financial reporting.

My consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, I identified certain deficiencies in internal control over financial reporting that I consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency

is a control deficiency, or combination of control deficiencies, that adversely affects the Coop's ability to initiate, authorize, record, process or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Coop's financial statements that is more than inconsequential will not be prevented or detected by the Coop's internal control. I consider the deficiency described in the accompanying schedule of current audit findings to be a significant deficiency in internal control over financial reporting. This is numbered 2009-01.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Coop's internal control.

My consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, I believe that the significant deficiency described above is a material weakness. See finding number 2009-01.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Three Rivers Special Services Cooperative's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance and other matters that are required to be reported under Government Auditing Standards.

The Coop's response to the findings identified in my audit is described in the accompanying schedule of current audit findings. I did not audit the Coop's response and, accordingly, I express no opinion on it.

This report is intended for the information and use of the South Dakota Legislature, the governing board and management of Three Rivers Special Services Cooperative and is not intended to be and should not be used by anyone other than these specified parties. However, as required by South Dakota Codified Law 4-11-11, this report is a matter of public record and its distribution is not limited.

A handwritten signature in black ink, appearing to read "Doug Johnson". The signature is fluid and cursive, with the first name "Doug" and last name "Johnson" clearly distinguishable.

August 12, 2009

**THREE RIVERS SPECIAL SERVICES COOPERATIVE
SCHEDULE OF PRIOR AUDIT FINDINGS
JUNE 30, 2009**

Prior Audit Findings relative to Financial Statement Audit:

FINDING NO. 2008-01 and 2007-01

A material weakness was reported due to a lack of segregation of duties. This finding was first noted by the present auditor in 1992.

Status as of June 30, 2009: The condition noted in prior audits is still applicable.

THREE RIVERS SPECIAL SERVICES COOPERATIVE
SCHEDULE OF CURRENT AUDIT FINDINGS
JUNE 30, 2009

FINDING NUMBER 2009-01

A significant deficiency and material weakness is present due to a lack of segregation of duties in revenue, expenditure and payroll functions.

CRITERIA: To obtain adequate internal control, the duties of collecting and handling of cash must be segregated from the recording of cash transactions. The duties of preparing, mailing or otherwise distributing checks should be segregated from the recording process. Various other accounting functions should be performed by different people to insure a proper segregation of duties.

POSSIBLE ASSERTED EFFECT: Inaccurate financial statements and/or misappropriation of funds could result from a lack of segregation of duties.

RECOMMENDATION: Management should remain aware of this situation and attempt to provide compensating controls wherever and whenever possible and practical.

AUDITEE RESPONSE: The Three Rivers Special Services Cooperative agrees with the audit finding. The Governing Board and Director are responsible for the corrective action plan for this comment. This condition is a result of the size of the Three Rivers Special Services Cooperative which precludes staffing at a level sufficient to provide an ideal environment for internal controls. Three Rivers Special Services Cooperative has determined it is not cost beneficial to employ additional personnel just to be able to adequately segregate duties for revenue, expenditures and payroll. Three Rivers Special Services Cooperative is aware of this problem and is attempting to provide compensating controls wherever and whenever possible and practical. However, this lack of segregation of duties regarding the revenues, expenditures, and payroll functions continues to exist.

INDEPENDENT AUDITOR'S REPORT

Governing Board
Three Rivers Special Services Cooperative
Phillip, South Dakota

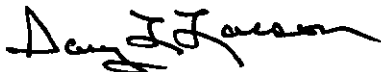

I have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Three Rivers Special Services Cooperative, Phillip, South Dakota, as of June 30, 2009, and for the fiscal year then ended, which collectively comprise their financial statements as listed in the Table of Contents. These financial statements are the responsibility of Three Rivers Special Services Cooperative's management. My responsibility is to express opinions on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Coop's internal control over financial reporting. Accordingly, I do not express such an opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe my audit provides a reasonable basis for my opinions.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Three Rivers Special Services Cooperative as of June 30, 2009, and the respective changes in financial position thereof for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, I have also issued a report dated August 12, 2009 on my consideration of Three Rivers Special Services Cooperative's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of my audits.

The Three Rivers Special Services Cooperative has not presented the Management's Discussion and Analysis (MD&A) and Budgetary Comparison Schedule for the General Fund that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be a part of, the basic financial statements.

THREE RIVERS SPECIAL SERVICES COOPERATIVE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2009

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Financial Reporting Entity:

The reporting entity of Three Rivers Special Services Cooperative consists of the primary government, which includes the General Fund. The reporting entity is a joint venture comprised of the following South Dakota School Districts:

<u>School District</u>	<u>Fiscal Year '09 Participation</u>
Bennett County	29%
Jones County	9%
Kadoka Area	20%
Lyman	20%
White River	20%
Wood	<u>2%</u>
	<u>100%</u>

The accounting policies of the Cooperative conform to generally accepted accounting principles as applicable to governments.

b. Basis of Presentation, Basis of Accounting:

Basis of Presentation:

Government-wide Statements: The statement of net assets and the statement of activities display information about the primary government (the Cooperative). These statements include the financial activities of the overall government. Governmental activities generally are financed through fees charged to members, intergovernmental resources, and other transactions.

THREE RIVERS SPECIAL SERVICES COOPERATIVE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2009

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The statement of activities presents a comparison between direct expenses and program revenues for each segment of the Cooperative, for each function of the Cooperative's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by recipients of goods and services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including interest, are presented as general revenues.

Fund Financial Statement: The fund financial statements provide information about the Cooperative funds. Separate statements for each fund are presented. The emphasis of fund financial statements is on major governmental funds.

The funds of the financial reporting entity are described below:

Governmental Fund:

General Fund - The general fund is the general operating fund. It is used to account for all financial resources and is considered a major fund.

Fiduciary Funds:

Fiduciary funds are never considered to be major funds.

Agency Fund Types - agency funds are used to account for resources held by the Coop in a purely custodial capacity (assets equal liabilities). Since agency funds are custodial in nature, they do not involve the

THREE RIVERS SPECIAL SERVICES COOPERATIVE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

measurement of results of operations. The Coop maintains one agency fund for the purpose of a clearing account for certain member school districts to purchase health insurance from a private carrier.

c. Basis of Accounting:

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the entity gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants, entitlements and donations. Revenues from grants, entitlements, and donations are recognized in the fiscal year which all eligibility requirements have been satisfied.

In the fund financial statements, the governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The Cooperative considers significant revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in the governmental fund.

THREE RIVERS SPECIAL SERVICES COOPERATIVE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources. Under the terms of grant agreements, the Cooperative funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the Cooperative's policy to first apply cost-reimbursement grant resources to such programs, followed by general revenues.

d. Capital Assets:

Capital assets include equipment, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period.

Government-Wide Statements: All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated.

Interest costs incurred during construction of capital assets are not capitalized along with other capital asset costs.

The total June 30, 2009 balance of capital assets for governmental activities includes no assets for which the costs were determined by estimates of the original costs.

THREE RIVERS SPECIAL SERVICES COOPERATIVE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the Statement of Activities, with net capital assets reflected in the Statement of Net Assets. Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the government-wide statements and proprietary funds are as follows:

	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Machinery and Equipment	\$ 5,000	Straight-line	4-20 yrs

Fund Financial Statements:

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital expenditures of the governmental fund upon acquisition.

e. Long-term Liabilities:

All long-term liabilities to be repaid from governmental resources are reported as liabilities in the government-wide statements. The long-term liabilities consists primarily of compensated absences.

Long-term liabilities for governmental funds are not reported as liabilities in the fund financial statements.

THREE RIVERS SPECIAL SERVICES COOPERATIVE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

f. Program Revenue Recognition

Charges for goods and services are recognized as soon as they are earned (i.e. when the goods or services have been provided).

g. Application of Net Assets:

It is the Cooperative's policy to first use restricted net assets, prior to the use of unrestricted net assets, when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

2. DEPOSITS AND INVESTMENTS, CREDIT RISK, CONCENTRATIONS OF CREDIT RISK AND INTEREST RATE RISK

Various restrictions on deposits and investments are imposed by statutes. These restrictions are summarized below:

Deposits - The Cooperative deposits are made in qualified public depositories as defined by SDCL 4-6A-1, 13-16-15, 13-16-15.1 and 13-16-18.1. Qualified depositories are required by SDCL 4-6A-3 to maintain at all times, segregated from their other assets, eligible collateral having a value equal to or at least 100 percent of the public deposit accounts which exceed deposit insurance such as FDIC and NCUA. In lieu of pledging eligible securities, a qualified public depository may furnish irrevocable standby letters of credit issued by federal home loan banks accompanied by written evidence of that bank's public debt rating which may not be

less than "AA" or a qualified public depository may furnish a corporate surety bond of a corporation authorized to do business in South Dakota.

THREE RIVERS SPECIAL SERVICES COOPERATIVE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

2. DEPOSITS AND INVESTMENTS, CREDIT RISK, CONCENTRATIONS OF CREDIT RISK AND INTEREST RATE RISK (continued)

Investments - In general, SDCL 4-5-6 permits Cooperative funds to be invested only in (a) securities of the United States and securities guaranteed by the United States Government, either directly or indirectly; or (b) repurchase agreements fully collateralized by securities described in (a) above; or in shares of an open-end, no load fund administered by an investment company whose investments are in securities described in (a) above and repurchase agreements described in (b) above. Also, SDCL 4-5-9 requires investments to be in the physical custody of the political subdivision or may be deposited in a safekeeping account with any bank or trust company designated by the political subdivision as its fiscal agent.

Custodial Credit Risk - Deposits - The risk that, in the event of a depository failure, the Cooperative deposits may not be returned to it. The Cooperative does not have a deposit policy for custodial credit risk. As of June 30, 2009, none of the Cooperative's deposits in financial institutions were exposed to custodial credit risk.

Custodial Credit Risk - Investments - The risk that, in the event of the counterparty to a transaction, the Coop will not be able to recover the value of investment or collateral securities that are in the possession of an outside party.

Investments

As of June 30, 2009, the Cooperative had the following investments:

	<u>Rating</u>	<u>Fair Value</u>
Mutual Funds:		
RBC Wealth Manager		
U. S. Government		
Securities Fund	Not Rated	<u>\$ 84,376</u>

THREE RIVERS SPECIAL SERVICES COOPERATIVE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

2. DEPOSITS AND INVESTMENTS, CREDIT RISK, CONCENTRATIONS OF CREDIT RISK AND INTEREST RATE RISK (continued)

Also classified as an investment is a \$100,000 bank certificate of deposit having a one year maturity.

Interest Rate Risk - The Cooperative does not have a formal investment policy that limits investments maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk - State law limits eligible investments for the Cooperative, as discussed above. The Cooperative has no investment policy that would further limit its investment choices.

Concentration of Credit Risk - The Cooperative places no limit on the amount that may be invested in any one issuer.

3. RECEIVABLES AND PAYABLES

Neither receivables nor payables are aggregated in these financial statements. The Cooperative expects all receivables to be collected within one year.

4. INVENTORY

In the Government-wide financial statements, inventory items are initially recorded as assets and charged to expense in the various functions of government as they are consumed.

In the fund financial statements, inventories in the General Fund consist of expendable supplies held for consumption. The cost is recorded as an expenditure at the time individual inventory items are consumed. Reported inventories are equally offset by a fund balance reserve which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets.

THREE RIVERS SPECIAL SERVICES COOPERATIVE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

4. INVENTORY (continued)

No material inventories were on hand as of June 30, 2009.

5. DEFERRED REVENUE

Under the modified accrual basis of accounting, receivables may be measurable but not available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Reported deferred revenues are those where asset recognition criteria have been met but for which revenue recognition criteria have not been met.

6. CHANGES IN CAPITAL ASSETS

A summary of the changes in capital assets for the year ended June 30, 2009 is as follows:

Primary Government

	<u>Balance</u> <u>7/01/08</u>	<u>Increase</u>	<u>Decrease</u>	<u>Balance</u> <u>06/30/09</u>
Government Activities:				
Capital Assets				
being depreciated				
Machinery and				
Equipment \$ 19,000	\$ 19,000	\$ -	\$ -	\$ 19,000
Less accumulated				
depreciation (19,000)	<u>(19,000)</u>	<u>-</u>	<u>-</u>	<u>(19,000)</u>
Total capital assets				
being depreciated,				
net:	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 0</u>

THREE RIVERS SPECIAL SERVICES COOPERATIVE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

7. LONG-TERM LIABILITIES:

A summary of changes in long-term liabilities follows:

	Compensated <u>Absences</u>
Liabilities payable	
June 30, 2008	\$ 3,042
Additions	2,002
Payments	<u>(498)</u>
Liabilities payable,	
June 30, 2009	<u>\$ 4,546</u>
Amount due in one year	<u>\$ 2,273</u>

Liabilities payable at June 30, 2009 are comprised of the following:

Compensated Absences:

Vacation leave \$4,546

This liability is paid from the General Fund.

8. RETIREMENT PLAN

All employees, working more than 20 hours per week, participate in the South Dakota Retirement System (SDRS), a cost sharing, and multiple employer public employee retirement system established to provide retirement benefits for employees of the State of South Dakota and its political subdivisions. The SDRS provides retirement, disability and survivor benefits. The right to receive retirement benefits vests after three years of credited service. Authority for establishing, administering and amending plan provisions are found in South Dakota Codified Law 3-12. The SDRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the SDRS, PO Box 1098, Pierre, SD 57501-1098 or by calling (605) 773-3731.

THREE RIVERS SPECIAL SERVICES COOPERATIVE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

8. RETIREMENT PLAN (continued)

Covered employees are required by state statute to contribute the following percentages of their salary to the plan: Class A Members, 6.0% of salary; Class B Judicial Members, 9.0% of salary; and Class B Public Safety Members, 8.0% of salary. State statute also requires the employer to contribute an amount equal to the employee's contribution. State statute also requires the employer to make an additional contribution in the amount of 6.2% for any compensation exceeding the maximum taxable amount for social security for general employees only. The Cooperative's share of contributions to the SDRS for the fiscal years ended June 30, 2009, 2008, and 2007 were \$38,377, \$48,453, and \$48,587 respectively, equal to the required contributions each year.

9. RISK MANAGEMENT

The Cooperative is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the period ended June 30, 2009, the cooperative managed its risks as follows:

Employee Health Insurance:

The Cooperative obtains health insurance from a commercial insurance carrier. This policy began in fiscal year 2009 and settled claims have not exceeded coverage this year.

Liability and Workmen's Compensation Insurance:

The Cooperative purchases liability insurance and Workmen's Compensation from a commercial insurance carrier. Settled claims from these risks have not exceeded liability coverage during the last three years.

THREE RIVERS SPECIAL SERVICES COOPERATIVE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

8. RETIREMENT PLAN (continued)

Unemployment Benefits:

The Cooperative provides coverage for unemployment benefits by paying into the Unemployment Compensation Fund established by state law and managed by the State of South Dakota.

10. COMMITMENT

The Cooperative leased office space in Phillip, South Dakota under a 5 year lease. The lease is for \$425 per month, thus the commitment as of June 30, 2009 is \$20,400.
